At the Women's Fund of Greater Chattanooga, we work every day to make Tennessee a safer, more equitable state for women and girls. We believe in the people of our community, in the potential of women across our state, and in the power of uniting our Voices to move Tennessee from 49 to One.

Together, with advocates like you and with allied organizations across our region and across the state, we find ways to improve the lives of Tennessee women in the areas that matter most: economic security, health, safety, and education. The Women's Fund leverages advocacy, philanthropy, and a robust network of partners to diminish the root causes of inequity.

For additional information or to discuss other ways you might partner with the Women's Fund, please contact Katie McCallie at 904.385.8721 or katie@chattanoogaomensfund.org
